FAQ

What constitutes an Ag part versus a Turf part?

The Warranty Administration Manual will always have the most accurate definition of Ag versus Turf parts. For the purposes of parts warranty only, Ag parts are parts for 5-series and higher horsepower tractors as well as all traditional Ag products. Turf parts are parts for all mowers (Riding Lawn Equipment (RLE), QuikTrak™, ZTrak™, Wide Area Mowers (WAM), front mount mowers, and Golf products), Gator™, and Compact Utility Tractors (CUT) up to and including 4-series.

Will these changes affect seasonal start date deferrals?

Seasonal start date deferrals will still apply with the new parts warranty.
